

MARK DELANEY

Sidecar

Patuxent Music

BY CHARLIE HALL

Sidecar is a showcase of Mike Delaney's great banjo picking. Mark started playing seriously at the age of 11 and has developed into one fine banjo picker who plays with great tone and a hard-driving style that sets

him apart from other great banjo players. The CD features eight instrumentals with Mark writing six of them. Also included are six songs recorded by some of the best

bluegrass vocalists in the business. My favorite instrumentals are *Candlewood*, *McCormick String Picnic* and *Black Diamond* all written by Mark. The other songs that stand out are *Baby Blue Eyes* sung by Charles Thompson and *Who Done It* with Bryan Deere on lead vocal. *Sidecar* is a must-have CD that will set your toes to tapping! Other cuts include *Six Days On The Road*, *Stepaway*, *Bird Bath*, *Fire In My Heart*, *Fireball Express*, *Magneto*, *Susan's Garden*, *I'll Go Steppin' Too!* **BMP**
